Meet the Folks in Euren

Euren is an old German settlement located in northern Kewaunee County within the boundaries of the Town of Lincoln along County Trunk S between Algoma and Dyckesville.

Pronounced Oy-ren, it was settled and named by early German settlers called Botkols who named their new home after a small village in Germany.

One resident of Euren calls his home "not really an unincorporated village, just a crossroads."

The only tavern in town is Hucek's Bar and it also serves the area as a filling station, dance hall, park and baseball diamond. The friendly tavern is owned by Mr. and Mrs. Louis Challe.

Euren's best-known resident is 90-year-old Dr. Edward Kerscher who still operates his office out of his home. Another longtime resident is 86-year-old Mrs. Basil DeJardin who was born in Door County and moved to Euren 27 years ago. Mrs. DeJardin is the community's doll maker.
